Technology Center 2600

Director of the U.S. Patent and Trademark Office
Washington, D.C. 20231

Sir:

In reply to the March 26, 2003 Office Action, please amend the above-identified application as follows:

IN THE CLAIMS:

Please replace claims 1 and 6 as follows:

- Sub
B1
a1
1. (Amended) An information display system comprising:
plural display means for displaying an image after cutoff of electric power; and
information sending means for sending information to-be-displayed to the plural
display means, wherein the information sent from the information sending means is
displayable on the plural display means.
6. (Amended) An information display system comprising:
plural display means for displaying an image after cutoff of electric power; and
plural information writing means for writing information to the plural display means;
and
